## COLORSTEEL® ENSURE IT'S GENUINE

For over 40 years COLORSTEEL® has been helping New Zealanders transform their environments, made tough, yet forsakes nothing when it comes to aesthetic appeal, boasting a great range of colours and finishes.

Not all coloured steel is created equal, and not all coloured steel is COLORSTEEL®, so it's important to ensure you are receiving the genuine product. There is only one COLORSTEEL® - made in New Zealand, by New Zealand Steel, for New Zealand conditions. By working with Versatile, you can trust you are receiving genuine COLORSTEEL®.

**MAXAM™ THE NEXT GENERATION OF COLORSTEEL® WITH BREAKTHROUGH ACTIVATE™ TECHNOLOGY**

COLORSTEEL® MAXAM™ brings together the outstanding quality and consistency COLORSTEEL® is known for, with game changing Activate™ technology, designed to deliver enhanced corrosion resistance an innovative single product solution, suitable whether your project is on the coast, inland, in a geothermal area, or an industrial environment. No guessing, no confusion, no wrong choice. The only exception being extremely severe or aggressive environments where COLORSTEEL® ALTIMATE® may be more suitable.

\*Additional COLORSTEEL® colours available on request, subject to availability, order quantity and may incur additional charges.

All COLORSTEEL® products undergo intense, long-term exposure testing to ensure long-lasting colour performance and durability.

COLORSTEEL® offers a range of painted finishes, including the popular Classic Gloss Finish, used on NZ homes for generations, with some of the top performers available in Lower Gloss - a contemporary finish with a subtler sheen than our traditional classic finish and for something unique and special, the innovative and premium Matte range. Rest assured, product performance is not impacted by your choice of colour or finish. COLORSTEEL® product warranties relate to your project's environmental climatic conditions.

Choosing the right colour is an important decision and can sometimes be hard to visualise. When selecting your colour and finish, there's no substitution for the real thing. Order genuine COLORSTEEL® samples, delivered straight to your door, helping you design your home's aesthetic from the outside in with ease. (<https://www.colorsteel.co.nz/products/colours/>).
